Quiet	**Quilt**	**Quilting**
Quince Pie	**Quaint**	**Quest**
Quill	**Quartet**	**Quantity**
Question	**Quick**	**Quartz**

1 Sort and explain

Circle words you can connect to Christmas. Put a star beside a word that also works at other times of year. Explain one choice; more than one answer can make sense.

2 Make the connection

Write two festive sentences using different words. Give enough detail to show why each belongs in your Christmas scene.

3 Draw it, then describe it

Choose a word, draw a small scene, and label it with a phrase.

Letter Q: grown-up guide

Use the article as a dictionary. This is a flexible sorting activity, not a test with one fixed answer.

- Context words: Quiet, Quilt, Quilting, Quince Pie, Quaint, Quest, Quill, Quartet, Quantity, Question, Quick, Quartz. Ask the child to supply the seasonal connection.
- There is no need to pretend Q has many Christmas-only words. A quartet might sing carols; a quilt may be a gift. Quartz needs a context such as a mineral collector’s present.
- Example response: “Our quartet sang a carol.” Quartet becomes festive through the song it performs.
- Adapt it: read the bank aloud for new readers; use oral sentences instead of writing. Older children can compare two definitions and explain why one word needs more context.
